EXPERIENCE

Facebook*October 2019 - Present*

Lead Software Engineer, Python

Engineered a multi-faceted authentication system using Python, enhancing system security and reducing unauthorized access incidents by 90%.

Directed a team of 6 Python developers in the creation of a distributed task queuing system with Celery, which improved task processing efficiency by 40%.

Spearheaded the adoption of GraphQL APIs to facilitate more flexible data retrieval, resulting in a 30% decrease in front-end load times.

Initiated and led a monthly peer-review process that improved code quality by enforcing PEP 8 standards, minimizing code smells by 60%.

Instituted a continuous integration/continuous deployment pipeline using Jenkins and Python scripts, improving deployment frequency by 100%.

Coached.com*July 2016 - September 2019*

Software Developer, Python

Implemented a full-text search feature using Elasticsearch and Python, increasing data accessibility and improving search query response time by 35%.

Collaborated on the development of a serverless architecture using AWS Lambda and Python, resulting in a 30% reduction in infrastructure costs.

Dropbox*May 2014 - June 2016*

Associate Software Developer

Assisted in the migration of legacy systems to Python 3, which streamlined development workflows and reduced maintenance overhead by 20%.

Contributed code to core projects using Python, receiving commendation for impeccable adherence to object-oriented design principles.

EDUCATION

Resume Worded Institute*May 2018*

Master of Science in Computer Science

Capstone project on distributed computing awarded 'Best In Class'

Resume Worded University*June 2014*

Bachelor of Engineering - Computer Science

Graduated with Cum Laude honors

Part-time studies during initial career years

SKILLS

Core Programming: Python (Expert), Java (Intermediate), C++ (Intermediate), SQL (Advanced), JavaScript (Intermediate), Bash (Intermediate)

Frameworks & Libraries: Django (Expert), Flask (Expert), React (Intermediate), Node.js (Intermediate), Pandas (Advanced), NumPy (Advanced)

Development Tools: Git (Expert), Docker (Advanced), Jenkins (Advanced), Kubernetes (Intermediate), Selenium (Intermediate), JIRA (Advanced)

Databases & Cloud Services: MySQL (Advanced), PostgreSQL (Advanced), MongoDB (Intermediate), AWS (Advanced), GCP (Intermediate), Azure (Intermediate)

OTHER

Certifications: Certified Kubernetes Administrator (2021), AWS Certified Solutions Architect (2019)

Continuing Education: Advanced Machine Learning Specialization, Resume Worded Institute (2020), Data Structures and Algorithms Specialization, Resume Worded Institute (2019)

Awards: Facebook Champion Programmer Award (2020), Coached.com Innovator of the Year (2017)

Open Source Contributions: Contributor to pandas (v1.0 release), Maintainer of open-source machine learning repository on GitHub with 1K+ stars
